Notification of Use Tax

Per the Minnesota Department of Revenue, cities that impose a local sales tax must annually inform city residents and businesses about their duty to pay local use tax when applicable. Hutchinson use tax applies when you are located in Hutchinson and you buy items or services without paying Hutchinson sales tax to the vendor. Use tax is similar to the local sales tax and the rate is identical (0.5%) and is based on your cost of taxable purchases.

An example is when you buy items on the internet, by phone or from any business and the seller doesn't charge Hutchinson sales tax and you use the item for business or personal use in Hutchinson. Another example is when you buy items for resale at your business and then remove some of the items from inventory for business or personal use in Hutchinson.

Hutchinson sales and use tax is reported at the same time you report your Minnesota sales and use tax, but the figures are reported on separate lines.
